

SPECIAL ORDER UPHOLSTERY CUSHION OPTIONS

UNI-BLEND: *Standard*

Our standard Universal upholstery seat features a high resiliency (HR) foam core with a soft foam wrap covered in a feathers and down, polyester blend and sewn into a channeled down proof ticking. This cushion has a soft and casual feel.

ULTRA-PLUSH: *Additional charge, hypoallergenic option*

Available as an option on most frames, this premium down alternative cushion is crafted with a supportive high resiliency (HR) foam core and innovative 2.5 high density soft foam toppers encased in a down proof ticking.

SPRING DOWN: *Additional charge*

Available as an option on most frames, this seat features an innerspring coil unit with polyurethane foam cap surrounded by ultra-soft, high resiliency (HR) foam and a feather blend wrap. This cushion is engineered to provide ultimate comfort and long-lasting durability.
